Colorful heralds of the seasons, wildflowers embellish landscapes with their vibrant but fleeting beauty. Audubon Wildflowers presents a year of North American blooms photographed in their native habitats, from the Purple Fairy-Lanterns on the cover to a Fireweed display in Alaska to the brilliant blossoms of Pricklypear Cactus to a misty meadow of Magenta Paintbrush. Each image is a vision of nature's artistry. **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
