When life turns up the heat, you have two choices. You can bend and break, or you can step boldly into the furnace and let your soul catch fire. *Into The Furnace* explores the inner workings of bravery, hope, and passion. These themes are framed against the backdrop of the Badwater Ultramarathon—a 135 mile race across the hottest place on the planet, Death Valley. Cory Reese has walked into the furnace. He has faced adversity, both in running and in life. His book captures the essence of what it means to suffer, what it means to persevere, and ultimately, what it means to create a life of clarity and purpose.
