Have you ever done something that you wish you could take back? Kemp and Satin are back in the U.S. and their marriage is about to be put to the test. Its obvious that Lava has a piece of Kems heart, and now Satin is working overtime just to keep them apart. Still, Satin has a job to do. She has been assigned to yet another fool. Her duty was to make him, Dedrick, love her and steal his heart. And then steal his position, and tear his whole world apart. She just hadnt expected Dedrick to be so perfect. So, she starts to question if what shes doing to him is worth it. Kems heart and mind are at a tug-of-war. He might love Lava. But he loves Satin more. Still his choices start to cause problems that he didnt expect. Things spiral out of control, and he isnt prepared for what happens next. Sometimes its too late. Someone is running out of time. No one will see it coming. And no one can stop this crime. Love and lies. Truth comes out in the end. You never know whos watching. Sometimes your worst enemy...is a "friend".
