From the Pulitzer Prize-winning cartoonist whose acclaimed Yugel: 30 Years of Doonesbury on Trump blew up the bestseller list, comes the sequel millions prayed would be unnecessary. #SAD: Doonesbury in the Time of Trump tracks the shocking victory, the inept transition, and the tumultuous eternity of POTUSs First 500 Days. Citizens who rise every morning in dread, braced for disruptive, Randomly Capitalized, atrociously grammarized, horribly speld, toxic tweeting from the Oval Office, can curl up at night with this clarifying collection of hot takes on the First Sociopath, his enablers, and their appalling legacy. Whether resisting or just persisting, readers will find G.B. Trudeau's cartoons are just the thing to ease the pain of remorse (Could I have done more to prevent this?) and give them a shot at a few hours of unfitful sleep. There are worse things to spend your tax cut on. DISCLAIMER: "We cannot guarantee the availability of this ebook on an external site."
