No rest for the wicked... or the dead. I'm Jas Lyons, and as far as anyone knows, I'm nothing more than a novice necromancer who banishes the dead for a living. I might be the last surviving member of the notorious Hemlock Coven, but I've never been able to cast a spell in my life. Being a nobody is safer. At least until a near-death experience causes me to find out that before the last Hemlock witch died, her spirit was bound to mine. If I want to survive the horde of enemies hunting me down, I need to learn to use her magic, but the spirit has no interest in sharing. Worse, binding two spirits together is forbidden by the supernatural council, on pain of (permanent) death. To get my own life back, I'm forced to put my trust in a dangerous vampire with a grudge against the Hemlock witches for reasons he refuses to divulge. Someone in Edinburgh is meddling in dangerous magic, and if I don't get to the bottom of it, I'll have much worse to worry about than a few rogue spirits...Witch's Shadow is set in the same universe as the Changeling Chronicles and the Gatekeeper's Curse series.
