It began simply enough. Breeze's old friend knew right where the gold was. All he had to do was pick it up. He enlisted Holly for her diving skills. The mission would only take a day. That's not how it turned out. First, it was the shark. Then it was the curious golden idols. Then it was the ex-con treasure hunter. Holly's patience wears thin as Breeze drags her deeper and deeper into turmoil. Can their tenuous relationship survive? Can Breeze turn the mission around? Will he live long enough to make them all rich? Follow Leap of Faith and Another Adventure from the west coast of Florida to the Keys, and Costa Rica. Watch the deal go down in a seedy section of Miami. One hard man will leave with millions.
