In this second book of the series, Elizabeth's mercenary ambition is falling apart. Twelve-thousand a year and an extensive estate can gild a sow's ear, or so she has always supposed. But now that she has fallen for the dashing Patrick Gill, Elizabeth is almost ready to give up pursuing Mr. Rushworth's fortune. And yet, painfully aware of her bruised pride and vulnerable heart, Elizabeth can only despise herself for loving so common a man. It has never occurred to her that darling Mr. Gill guards a secret of his own--and that he just might be responsible for her father's disappearance. Jane Austen's beloved *Persuasion* provides the backdrop for this delightful romp set in Regency England. *Mercy's Embrace*, a novel in three parts, is now ON SALE (Kindle edition). \* Part One: *So Rough a Course* -- FREE September 14 - 16 \* Part Two: *So Lively a Chase* -- 33% off September 14 - 21 \* Part Three: *The Lady Must Decide* -- 33% off September 14 - 21 The entire series -- almost 1000 pages of sweep-away romance and adventure -- for what you'd pay for a cup of designer coffee! If you enjoy a smart, sparkling Regency romance in the classic "Heyeresque" style, then you will love Laura Hile's *Mercy's Embrace*.
