A fascinating guide to the monsters that are part of our collective psyche, from the host of the hit podcast Lore, soon to be an online streaming series. They live in shadows - deep in the forest, late in the night, in the dark recesses of our minds. They're spoken of in stories and superstitions, relics of an unenlightened age, old wives' tales, passed down through generations. Yet no matter how wary and jaded we have become, as individuals or as a society, a part of us remains vulnerable to them: werewolves and wendigos, poltergeists and vampires, angry elves and vengeful spirits. In this volume, the host of the hit podcast Lore serves as a guide on a fascinating journey through the history of these terrifying creatures, exploring not only the legends but what they tell us about ourselves. Aaron Mahnke invites us to the desolate Pine Barrens of New Jersey, where the notorious winged, red-eyed Jersey Devil dwells. He delves into harrowing accounts of cannibalism - some officially documented, others the stuff of speculation...perhaps. He visits the dimly lit rooms where sances take place, the European villages where gremlins make mischief, even Key West, Florida, home of a haunted doll named Robert. In a world of "emotional vampires" and "zombie malls", the monsters of folklore have become both a part of our language and a part of our collective psyche. Whether these beasts and bogeymen are real or just a reflection of our primal fears, we know, on some level, that not every mystery has been explained and that the unknown still holds the power to strike fear deep in our hearts and souls. As Aaron Mahnke reminds us, sometimes the truth is even scarier than the lore.
