Today, she will meet her destiny. While attempting to escape a skinwalker bent on possessing her against her will, Maya runs into a forbidden cave. Instead of succumbing to her doom, she confronts her attacker and finds herself in a world so alien and dangerous, she prepares for a fate worse than death. Crazy with fear, Maya fights unsuccessfully for her freedom until three powerful men rescue her from the cruel captors. Relieved, she soon discovers these men have their own expectations and methods to achieve the obedience they demand. She is now a captive of another kind, and at their insistence, she must complete her training as they claim her mind, body, heart, and soul. Internationally renowned scientists Sterling, Paxton, and Zander can't believe the terrified, uncontrollable woman is the one from Sterling's dreams. Finding themselves irresistibly drawn to her, and against all recommendations, they quickly take possession of Maya. But danger lurks in many forms...Publisher's Note: This steamy reverse harem sci-fi romance contains elements of power exchange and ménage scenes.
