Book One in the exciting Dangerous Lords series from Maggi Andersen. Read for free in Kindle Unlimited! London 1816 Guy Fortescue comes to England to claim his inheritance, Rosecroft Hall, abandoned over thirty years ago when his father fled to France after killing a man in a duel. But England proves to be a dangerous place - someone wants Guy dead. As Guy seeks to discover who lies behind the attacks on his life, he arranges a faux betrothal with Miss Horatia Cavendish. Unfortunately, things don't go according to plan. An aspiring poet, Hetty proves to have a mind of her own but in spite of that, Guy finds her far too alluring. Dangerous.... Headstrong and lovely, Hetty agrees to the betrothal because it allows her to go to London where she can attend literary societies with her aunt. While her affection for Guy grows deeper, she must not forget the betrothal isn't real. Guy will choose a bride from the beau monde - it will not be a colonel's daughter from Digswell. But Hetty is soon drawn in to Guy's life, more and more, and not entirely against her will. He is handsome and brave, and the attraction between them is undeniable. Soon, she can no longer resist her desire for him and the fact that someone is out to kill him only feeds her innate protectiveness of the man she is betrothed to. As attempts are made on Guy's life, Hetty and his sister, Genevieve, work together to keep him alive, and a love that has been denied finally comes to fruition in the exciting conclusion. Publisher's Note: This book was previously released in the UK under the title A Dangerous Deception, but new content has been added and the story edited to produce a quality, new tale. Enjoy!
