There is so much to find out when a baby is born! What does it smell like, and when will it walk? When does it sleep, and what does it like to eat? A new addition to any family is exciting, but the experience can also be worrying and confusing for siblings. Coping with the new situations and emotions that arise can be very challenging. This series of four board books deals with the anticipation of waiting for the new baby, the excitement of the arrival itself, and the beginnings of the special relationship that develops between siblings. The simple conversational text and lively illustrations are carefully designed to encourage further dialogue between reader and child.
