

## [Free PDF File] Anticancer: A New Way of Life

**CONTINUE ►**

The revolutionary, New York Times bestselling guide to the powerful lifestyle changes that fight and prevent cancer an integrative approach based on the latest scientific research. A common-sense blueprint for healthy living. Chicago Tribune Resonating with cancer support communities and recommended nationwide. Los Angeles Times Life affirming . . . filled with practical advice. The Seattle Times David Servan-Schreiber was a rising neuroscientist with his own brain imaging laboratory when, in the middle of an equipment test, he discovered a tumor the size of a walnut in his own brain. Forced to confront what medicine knows about cancer, and all that we still do not know, Servan-Schreiber marshaled his will to live and set out to understand the complex inner workings of the body's natural cancer-fighting capabilities. He soon found himself on a decades-long journey from disease and relapse into scientific exploration and, finally, a new view of health. Anticancer is at once the moving story of one doctor's inner and outer search for wellness and a radical exposition of the roles that lifestyle, environment, and trauma play in our health. Drawing on the latest research in integrative medicine that blends conventional and alternative approaches, Servan-Schreiber concisely explains what makes cancer cells thrive, what inhibits them, and how we can empower ourselves to prevent their growth. His advice details how to develop a science-based anticancer diet (and the small changes that can make a big difference); how to reap the

benefits of exercise, yoga, and meditation; which toxic, unsafe products to replace in your home; and how to stave off the effects of helplessness and unhealed wounds to regain balance. Anticancer's synthesis of science and personal experience marks a transformation in the way we understand and confront cancer. A long-running bestseller that has changed the lives of millions around the world, Anticancer remains a pioneering and peerless resource, an inspirational and revolutionary guide to a new way of life.
