**\*2018 LOCUS AWARD WINNER OF BEST SCIENCE FICTION NOVEL\*\*2018 HUGO AWARD FINALIST FOR BEST NOVEL\***“John Scalzi is the most entertaining, accessible writer working in SF today.” —Joe Hill, author of *The Fireman*The first novel of a new space-opera sequence set in an all-new universe by the Hugo Award-winning, New York Times-bestselling author of *Redshirts* and *Old Man's War*Our universe is ruled by physics. Faster than light travel is impossible—until the discovery of *The Flow*, an extradimensional field available at certain points in space-time, which can take us to other planets around other stars.Riding *The Flow*, humanity spreads to innumerable other worlds. Earth is forgotten. A new empire arises, the *Interdependency*, based on the doctrine that no one human outpost can survive without the others. It's a hedge against interstellar war—and, for the empire's rulers, a system of control.The *Flow* is eternal—but it's not static. Just as a river changes course, *The Flow* changes as well. In rare cases, entire worlds have been cut off from the rest of humanity. When it's discovered that the entire *Flow* is moving, possibly separating all human worlds from one another forever, three individuals—a scientist, a starship captain, and the emperox of the *Interdependency*—must race against time to discover what, if anything, can be salvaged from an interstellar empire on the brink of collapse.“Fans of *Game of Thrones* and *Dune* will enjoy this bawdy, brutal, and brilliant political adventure” —Booklist on *The Collapsing Empire*“Political plotting, plenty of snark, puzzle-solving, and a healthy dose of action...Scalzi continues to be almost insufferably good at his brand of fun but think-y sci-fi adventure.” —Kirkus Reviews on *The Collapsing Empire*“Scalzi is one of the slickest writers that SF has ever produced.” —The Wall Street Journal on *The Human Division*The *Interdependency* Series1. *The Collapsing Empire*2. *The Consuming Fire*At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
