Each of the TWENTY images is featured TWICE for a total of 40 drawings, and are printed on only one side by Createspace. Each drawing will be a lovely piece of art after you add your perfect touches of color. So hurry--start fulfilling your Coloring Dreams today! This dreamy book features three greyscale images, so get ready for a new coloring experience...so fun! Coloring Dreams is printed by Createspace on white paper. Although the images are one sided, if you use markers it may bleed through on the paper Createspaces uses, so I recommend using a thick sheet of paper between as you color.
