"If I could rewrite the rules, I'd do it for you."LEXI came to L.A. with dreams bigger than me.To learn from the best choreographers in the business and secure a professional dance gig working for Hollywood's elite. Everything was going according to plan--until I was literally shoved into the arms of the one man who could make or break my career. Come to find out, it wasn't my career I had to worry about. It was my heart. THEOE verything about Alexandra "Lex" Quinn screamed amateur, save for the way she moved across the dance floor. She was athleticism and grace, precision and passion, and she had a stage presence I couldn't tear my eyes from. I wanted her... on my team, in my bed. There was only one problem... I couldn't have both.

"If I could rewrite the rules, I'd do it for you."LEXI came to L.A. with dreams bigger than me.To learn from the best choreographers in the business and secure a professional dance gig working for Hollywood's elite. Everything was going according to plan--until I was literally shoved into the arms of the one man who could make or break my career. Come to find out, it wasn't my career I had to worry about. It was my heart. THEOE verything about Alexandra "Lex" Quinn screamed amateur, save for the way she moved across the dance floor. She was athleticism and grace, precision and passion, and she had a stage presence I couldn't tear my eyes from. I wanted her... on my team, in my bed. There was only one problem... I couldn't have

both.
