A passenger jet is attacked in Northern Africa by terrorists wielding RPGs, resulting in an enormous loss of life. Yet US intelligence reports this is merely a distraction, a prelude to a worse terror incident. A cargo ship is pirated off the African coast, and terrorists are puzzled to find in its vast hold just one mysterious crate. It contains a weapon they do not understand one of vital interest to al Qaeda. It is a weapon, we learn, that will inflict catastrophic damage on the US if not stopped in time. The weapon disappears deep into the heart of Africa, and as all hope seems lost to retrieve it, Luke Stone is summoned. Forced to cross deserts, to enter jungles, Luke and his team embark on a mad race across Africa, on a suicidal mission: to destroy the weapon before it is too late. A political thriller with nonstop action, dramatic international settings, and heart-pounding suspense, House Divided is the seventh installment in the best-selling and critically acclaimed Luke Stone series, an explosive new series that will leave you listening late into the night.
