## Mbw8r [GET] Body Count: How Many Is Too Many

If you were asked how many people you've had relations with. Would you be able to answer honestly? Most women "adjust" their body count. Nicole Chandler is not most women. With the face of a Seductress and body of a Goddess, she has lured hundreds of single men, divorced men, and married men to her bed. Being labeled promiscuous doesn't bother her because she sees nothing wrong with indulging in no strings attached behavior, one-night stands, or casual encounters. But we all know that too much of anything can be bad for you. Flip through the pages of this short story and find out what made Nicole ask herself how many is too many.
