[GET] Apocalypse Coming: A Novel of Tribulation and Survival (The Tears of Ephraim Book 1)

The naive and the foolish once said that the attack on Pearl Harbor and 9/11 could never happen. Now, we have a new generation saying events like that could never happen today. (REVISED EDITION) Part of the west coast is trying to recover from a series of devastating earthquakes. This caused a record drop in the stock market, and due to a national debt of 21 trillion dollars, the value of the dollar is on the edge of collapsing, causing massive layoffs to take place across the country. At the same time, after a civil rights demonstration is hijacked, riots start breaking out across the country. Our enemies see our weakness and know it's time to take their place as world leaders. Two countries have come up with a way to do just that and have set everything into motion. Vince and Kim Johnson live on a farm 40 miles to the southeast of Kansas City, Missouri. After serving 17 years in the Army, due to an injury, Vince had to take an early medical retirement. Now, the most he thinks he must fight is cabin fever. Little does he know that a chain of events is about to take place that will test all his training and leadership skills. Both must band together with family, inexperienced friends, plus four of the men Vince served with while in the Army, to prepare for and try to survive a time unlike any in history.****ADVISORIES:This is an apocalyptic/end-times survival novel that the extremists from the far-left don't want you to read as our story reveals how their secular socialist agenda, along with their justification for embracing hatred, deception, obstruction, and the use of character assassinations in a desperate attempt to win at all cost, will accelerate us even faster towards the real apocalypse.*If you have obsessive jealousy and trust issues when dealing with relationships, we highly recommend that you skip this novel. There has been a few, usually of the same gender and age group, that became very bitter about one of our storylines as it brought to the surface their greatest fear.****We hope our story will inspire all of us to check things out for ourselves so we won't be deceived or manipulated. We also hope it will inspire all of us to prepare for the unexpected, emergencies, and even longer-term disasters as there may not always be some government agency to come to our rescue.*Contains some adult language
