When her hometown is rapidly and unexpectedly taken over by a mysterious, powerful group of strangers, Sydney isn't sure how to react. But after the huge, breathtakingly handsome man who is clearly in charge threatens to spank her if she dares to disobey, it isn't long before she puts his warning to the test and promptly ends up with her cheeks blushing and her bare bottom burning.As an alpha shifter, Alexander recognizes his future mate immediately, and when the beautiful, feisty little human defies him he doesn't hesitate to correct her firmly. But after Sydney is accosted by members of a rival pack, Alexander decides it is time to properly make her his.After an intimate, humiliating examination, a thorough, shameful cleansing, and a stern, painful reminder of Alexander's dominance, Sydney is claimed in every way. Once the ceremony is complete, she quickly discovers that not only can her new mate sense even her most private thoughts, he can also master her body as completely with pleasure as he can with punishment. But when Alexander's enemies seek to use her to get to him, will Sydney's life be put at risk?Publisher's Note: The Alpha's Stubborn Mate includes spankings and sexual scenes.
