Archipendium 2014 is an architecture calendar powered by ArchDaily. Its focus is on contemporary architecture worldwide, and its theme is one architecture firm a day. 365 great architectural designs are presented on simple tear-off pages. Designs include those by today's leading architects, like COOP HIMMELB(L)AU, Chaix & Morel, Daniel Liberskind, Graft, J. Mayer H., Peter Kulka, Sasaki Associates and West 8. The daily presentations were selected and edited by the architects themselves. Introduction is by Cino Zucchi. Each day has a photo of the structure on the front, and on the back is a drawing and description of the project.
