[GET] United States Immigration & Citizenship: Prof Allan Wernick's Guide to the Law

Written in an easy to use workbook self-help style, with sample forms, clear directions to government agency websites, and a comprehensive listing of many categories including NAFTA, this Guide is an essential reference for anyone pursuing what is often a time-consuming, challenging, and stressful process. Of equal value to individuals as to lawyers and paralegals who may meet these issues on the periphery of their other cases, it is also ideally suited for grass roots Immigration Agencies, Libraries, Schools, and Universities. Professor Allan Wernick, of Baruch College, CUNY, New York, is a nationally syndicated columnist in the New York Daily News, and has in this volume brought together authoritative guides to assist with navigation through the daunting legal immigration maze at all levels, eventually leading where desired to the obtaining of the much prized citizenship status.
