[Free PDF File] Espanol para Abogados (Spanish for Lawyers) (Coursebook)

This innovative casebook is a first of its kind. It emphasizes the acquisition of Spanish language legal terminology and, simultaneously, the exposure of the users to historical and cultural underpinnings of the different legal systems from which potential Spanish-speaking clients and colleagues will come. Written in Spanish, it provides a wide variety of readings, including: judicial opinions, statutory texts, descriptive articles, analytical essays, international treaties and agreements, and materials from federal and state websites. The Teachers Manual provides detailed discussions of each chapter with suggestions for ways in which to teach the material and includes sample hypothetical scenarios for each role-playing exercise.
